PROJECTS

Herman Miller [email template](#)

- Production ready email template
- Used fluid-hybrid approach to build this

Responsive [email template](#)

- This email template taught a lot
- Added single column, two-column, three-column and two-column-sidebar in the layout
- Completely responsive and optimized for dark mode
- Tested to work on all email clients on Litmus

Personal portfolio [website](#)

- Created a personal website to list all my projects, resume, connect socials, etc.
- Used HTML, CSS, Tailwind CSS to make this
- Hosted on Github

Basic [email template](#)

- Very basic email template which teaches beginners the right mindset used in coding emails
